## S.S. 1 / Markopoulo Hippodrome Super Special Stage

---

Length: 2.60 km  
1<sup>st</sup> car timetable: **15:26**

GPS: N-37.52.508 E-23.58.528

**Description:** Eleven years after hosting the Acropolis Rally Superspecial stage, the Markopoulo Hippodrome opens its gates again this year, for the rallycars of the European Rally Championship.

The crews will compete in pairs, starting in parallel and finishing at their starting point after covering the full length of 2,60 kilometers.

Although the Superspecial stage has no bridge, its sweeping fast corners combined with the head-to-head competition of the cars guarantee a unique spectacle.
